

## Celebrating 45 Years

Claridge House Cooperative E-Newsletter

950 25th Street, NW  
Washington, DC 20037

Winter 2024 Edition

### CLARIDGE HOUSE!!!

Forty-five years ago in January 1979 we became the Claridge House Cooperative, Inc. Before that time the building was a rental building. The South Building was originally a rental building called The Potomac House.

In this new year we are undergoing some renovations. Our elevator modernization is in progress. Modernization will include new lighting, flooring and walls inside each elevator, stainless door on the exterior and new circuitry. In addition, the corridors on each floor and the lobby will be renovated with new lighting, flooring and walls. More details will be provided before renovations begin in corridors and lobby.

### Energy Star® Certification

We're excited to announce that the Claridge House earned the ENERGY STAR® certification from the US Environmental Protection Agency (EPA) for the sixth straight year! This certification represents proven, verified superior energy performance over a 12-month period. In fact, ENERGY STAR certified buildings and plants perform in the top 25 percent of similar buildings nationwide!

Thank you for being a part of our sustainability story by taking simple actions to cut energy waste – like turning off lights in empty rooms and reporting leaks.  
Here's to another year of cutting energy waste and doing our part to protect the environment – together!

### **A Staffing Change and Staff Anniversaries**

We welcome our newest staff member, Douglas Jones. Many of you may have met him. He was hired as a maintenance tech last July. Douglas came here from Rimsi Corporation where he served as maintenance tech for two other communities.

We appreciate and acknowledge our loyal staff who have anniversaries in the first quarter of this year. Their photos are in our Staff Directory in BuildingLink. Please join us in wishing staff

Maria Gutierrez, porter, started 24 years ago on 1/18/2000.  
Yves-Dwidg Jeanty, porter supervisor, started 5 years ago on 1/28/2019.  
Steven Belkov, maintenance supervisor, started 9 years ago on 2/17/2015.

### **New Admiral Security Officer**

We also welcome a new security officer from Admiral Security Services, Jamaal Anderson. Last December, Officer Anderson began working the 11 PM to 7 AM shift at the front desk on weekends. You may also see him working 3-11 PM shifts.

### **Board of Directors Meetings**

The 2024 meeting schedule can be viewed at [www.claridgehousecooperative.com/resources](http://www.claridgehousecooperative.com/resources). Two meetings are under Upcoming Events below. Regular, Annual Elections and Budget Presentation meeting minutes may be viewed by shareholders in the library section of BuildingLink.

### **DO NOT Overload Laundry Machines**

Section 5.5 (b) of our Rules and Regulations states,  
*“Washing machines must not be overloaded...”*

Overloading laundry machines caused recent fire emergencies in the building. Loads the size of a single comforter/quilt, etc., should be washed and dried in large capacity machines in the North Building basement Laundry Room as these loads are too large for regular capacity machines in the South Building basement and the North Building.

## Follow Rules and Regulations for Windows and Doors

Section 4.3 (b) xiii of our Rules and Regulations states,  
“*Draperies, curtains, or window blinds must be installed by each unit owner on all windows of each unit and must be so maintained thereon at all times. Such draperies, curtains or blinds must cover the entire window. The exterior surfaces of such draperies or curtains (the surface visible from outside the unit) must be white, off-white, or beige in color. No unit owner shall cause or permit anything to be hung, displayed, or exposed on the exterior of the unit or a common element appurtenant thereto whether through or upon windows, doors or masonry of such unit. The prohibition herein includes, without limitation, laundry, clothing, rugs, signs, awnings, canopies, shutters, flags, radio or television antennas, or any other item.* m. Failure to correct a violation within fourteen (14) days shall result in additional fines of \$25.00 for each additional 14-day period.”

Section 5.1 (e) states,  
“*No signs are permitted in any common area, either inside (including unit doors) or outside the building...*”

Please adhere to these and other Claridge House Rules and Regulations at [www.claridgehousecooperative.com/governance](http://www.claridgehousecooperative.com/governance).

## Meet Tare Youdeowei

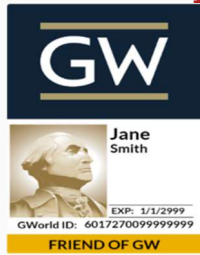

As mentioned, the Claridge House has loyal staff who have worked here for many years. Realtor Tare Youdeowei is a former loyal staff member who now provides realtor services. Tare shares the following with our community:

One of the privileges of my life was working with long-time realtor, Tom Murphy. When I started in the real estate business in 1999, Tom Murphy was known as the “Condo King” of Foggy Bottom. Over the next 15 years, I had the opportunity to work with Tom on every one of his over 100 transactions per year. After Tom’s passing in 2014, his family supported me in carrying on his Foggy Bottom legacy by encouraging me to continue to serve his clients. Here we are, 10 years later, I have maintained that legacy with 3% market share in sales and 13% market share rentals in Foggy Bottom, more than any other agent.

I love working at the Claridge House and constantly promoting the building to anyone looking to live in Foggy Bottom because of all it has to offer. The Claridge House stands out in Foggy Bottom because of how well it is managed, maintained, and offers more amenities than other pre-1980 buildings. As a bonus, Shareholders can also attest to the friendly and helpful staff. My years of experience has given me the ability to serve as a guide to sellers, landlords, buyers, and renters and investors. I have a clear understanding of the Claridge House underlying mortgage and the challenges of getting loans to purchase in the building. I know the lenders who can provide loans to potential shareholders and I know the layout and floor plans of all of the tiers. I have become a resource to other agents that have questions about the building. I am also well-versed in compliance with DC Housing regulations, basic business licenses, rent increases, lease renewals and other questions pertaining to tenant matters. I am in the building at least once a week so feel free to stop me in the lobby.

Ms. Youdeowei’s contact information is on our Contractor/Vendor List at [www.claridgehousecooperative.com/resources](http://www.claridgehousecooperative.com/resources) with recommended vendors and contractors, including the newest contractor Miranda Building Services LLC.

## New GW Community Benefit

There is a new benefit for the Friends of GW GWorld Community Card Program. The Course Audit Program is a not-for-credit benefit available to GW neighbors 60 years of age or older. For a reduced rate, community members can continue your education by auditing in-person courses at one of George Washington University's campuses. Visit <https://neighborhood.gwu.edu/benefits> for this and other benefits.

### Fun Facts Trivia

February is Black History Month. Who was the first licensed African American female pilot?

### Upcoming Events

- February 14 – Valentine's Day
- February 19 – Presidents' Day (Management Office Closed)
- February 20 – Board of Directors Meeting at 7 PM
- February 21 – Advisory Neighborhood Commission 2A Meeting at 7 PM
- March 10 – Daylight Saving Time Begins
- March 17 – St. Patrick's Day
- March 19 – Board of Directors Meeting at 7 PM
- March 20 – Advisory Neighborhood Commission 2A Meeting at 7 PM

### Fun Facts Trivia Answer:

*Bessie Coleman earned her license from the Fédération Aéronautique Internationale on June 15, 1921.*

In fact, ENERGY STAR certified buildings and plants perform in the top 25 percent of similar buildings nationwide!

Thank you for being a part of our sustainability story by taking simple actions to cut energy waste – like turning off lights in empty rooms and reporting leaks.  
Here's to another year of cutting energy waste and doing our part to protect the environment – together!

### **A Staffing Change and Staff Anniversaries**

We welcome our newest staff member, Douglas Jones. Many of you may have met him. He was hired as a maintenance tech last July. Douglas came here from Rimsi Corporation where he served as maintenance tech for two other communities.

We appreciate and acknowledge our loyal staff who have anniversaries in the first quarter of this year. Their photos are in our Staff Directory in BuildingLink. Please join us in wishing staff

Maria Gutierrez, porter, started 24 years ago on 1/18/2000.  
Yves-Dwidg Jeanty, porter supervisor, started 5 years ago on 1/28/2019.  
Steven Belkov, maintenance supervisor, started 9 years ago on 2/17/2015.

### **New Admiral Security Officer**

We also welcome a new security officer from Admiral Security Services, Jamaal Anderson. Last December, Officer Anderson began working the 11 PM to 7 AM shift at the front desk on weekends. You may also see him working 3-11 PM shifts.

### **Board of Directors Meetings**

The 2024 meeting schedule can be viewed at [www.claridgehousecooperative.com/resources](http://www.claridgehousecooperative.com/resources). Two meetings are under Upcoming Events below. Regular, Annual Elections and Budget Presentation meeting minutes may be viewed by shareholders in the library section of BuildingLink.

### **DO NOT Overload Laundry Machines**

Section 5.5 (b) of our Rules and Regulations states,  
*“Washing machines must not be overloaded...”*

Overloading laundry machines caused recent fire emergencies in the building. Loads the size of a single comforter/quilt, etc., should be washed and dried in large capacity machines in the North Building basement Laundry Room as these loads are too large for regular capacity machines in the South Building basement and the North Building.

## Follow Rules and Regulations for Windows and Doors

Section 4.3 (b) xiii of our Rules and Regulations states,  
“*Draperies, curtains, or window blinds must be installed by each unit owner on all windows of each unit and must be so maintained thereon at all times. Such draperies, curtains or blinds must cover the entire window. The exterior surfaces of such draperies or curtains (the surface visible from outside the unit) must be white, off-white, or beige in color. No unit owner shall cause or permit anything to be hung, displayed, or exposed on the exterior of the unit or a common element appurtenant thereto whether through or upon windows, doors or masonry of such unit. The prohibition herein includes, without limitation, laundry, clothing, rugs, signs, awnings, canopies, shutters, flags, radio or television antennas, or any other item.* m. Failure to correct a violation within fourteen (14) days shall result in additional fines of \$25.00 for each additional 14-day period.”

Section 5.1 (e) states,  
“*No signs are permitted in any common area, either inside (including unit doors) or outside the building...*”

Please adhere to these and other Claridge House Rules and Regulations at [www.claridgehousecooperative.com/governance](http://www.claridgehousecooperative.com/governance).

## Meet Tare Youdeowei

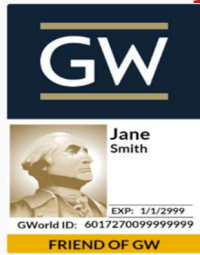

As mentioned, the Claridge House has loyal staff who have worked here for many years. Realtor Tare Youdeowei is a former loyal staff member who now provides realtor services. Tare shares the following with our community:

One of the privileges of my life was working with long-time realtor, Tom Murphy. When I started in the real estate business in 1999, Tom Murphy was known as the “Condo King” of Foggy Bottom. Over the next 15 years, I had the opportunity to work with Tom on every one of his over 100 transactions per year. After Tom’s passing in 2014, his family supported me in carrying on his Foggy Bottom legacy by encouraging me to continue to serve his clients. Here we are, 10 years later, I have maintained that legacy with 3% market share in sales and 13% market share rentals in Foggy Bottom, more than any other agent.

I love working at the Claridge House and constantly promoting the building to anyone looking to live in Foggy Bottom because of all it has to offer. The Claridge House stands out in Foggy Bottom because of how well it is managed, maintained, and offers more amenities than other pre-1980 buildings. As a bonus, Shareholders can also attest to the friendly and helpful staff. My years of experience has given me the ability to serve as a guide to sellers, landlords, buyers, and renters and investors. I have a clear understanding of the Claridge House underlying mortgage and the challenges of getting loans to purchase in the building. I know the lenders who can provide loans to potential shareholders and I know the layout and floor plans of all of the tiers. I have become a resource to other agents that have questions about the building. I am also well-versed in compliance with DC Housing regulations, basic business licenses, rent increases, lease renewals and other questions pertaining to tenant matters. I am in the building at least once a week so feel free to stop me in the lobby.

Ms. Youdeowei’s contact information is on our Contractor/Vendor List at [www.claridgehousecooperative.com/resources](http://www.claridgehousecooperative.com/resources) with recommended vendors and contractors, including the newest contractor Miranda Building Services LLC.

## New GW Community Benefit

There is a new benefit for the Friends of GW GWorld Community Card Program. The Course Audit Program is a not-for-credit benefit available to GW neighbors 60 years of age or older. For a reduced rate, community members can continue your education by auditing in-person courses at one of George Washington University's campuses. Visit <https://neighborhood.gwu.edu/benefits> for this and other benefits.

### Fun Facts Trivia

February is Black History Month. Who was the first licensed African American female pilot?

### Upcoming Events

## Celebrating 45 Years

Claridge House Cooperative E-Newsletter  
950 25th Street, NW  
Washington, DC 20037

### Winter 2024 Edition

### CLARIDGE HOUSE!!!

Forty-five years ago in January 1979 we became the Claridge House Cooperative, Inc. Before that time the building was a rental building. The South Building was originally a rental building called The Potomac House.

In this new year we are undergoing some renovations. Our elevator modernization is in progress. Modernization will include new lighting, flooring and walls inside each elevator, stainless door on the exterior and new circuitry. In addition, the corridors on each floor and the lobby will be renovated with new lighting, flooring and walls. More details will be provided before renovations begin in corridors and lobby.

### Energy Star® Certification

We're excited to announce that the Claridge House earned the ENERGY STAR® certification from the US Environmental Protection Agency (EPA) for the sixth straight year! This certification represents proven, verified superior energy performance over a 12-month period. In fact, ENERGY STAR certified buildings and plants perform in the top 25 percent of similar buildings nationwide!

Thank you for being a part of our sustainability story by taking simple actions to cut energy waste – like turning off lights in empty rooms and reporting leaks.  
Here's to another year of cutting energy waste and doing our part to protect the environment – together!

### **New Admiral Security Officer**

We also welcome a new security officer from Admiral Security Services, Jamaal Anderson. Last December, Officer Anderson began working the 11 PM to 7 AM shift at the front desk on weekends. You may also see him working 3-11 PM shifts.

### **Board of Directors Meetings**

The 2024 meeting schedule can be viewed at [www.claridgehousecooperative.com/resources](http://www.claridgehousecooperative.com/resources). Two meetings are under Upcoming Events below. Regular, Annual Elections and Budget Presentation meeting minutes may be viewed by shareholders in the library section of BuildingLink.

### **DO NOT Overload Laundry Machines**

Section 5.5 (b) of our Rules and Regulations states,  
*“Washing machines must not be overloaded...”*

Overloading laundry machines caused recent fire emergencies in the building. Loads the size of a single comforter/quilt, etc., should be washed and dried in large capacity machines in the North Building basement Laundry Room as these loads are too large for regular capacity machines in the South Building basement and the North Building.

## Follow Rules and Regulations for Windows and Doors

Section 4.3 (b) xiii of our Rules and Regulations states,  
“*Draperies, curtains, or window blinds must be installed by each unit owner on all windows of each unit and must be so maintained thereon at all times. Such draperies, curtains or blinds must cover the entire window. The exterior surfaces of such draperies or curtains (the surface visible from outside the unit) must be white, off-white, or beige in color. No unit owner shall cause or permit anything to be hung, displayed, or exposed on the exterior of the unit or a common element appurtenant thereto whether through or upon windows, doors or masonry of such unit. The prohibition herein includes, without limitation, laundry, clothing, rugs, signs, awnings, canopies, shutters, flags, radio or television antennas, or any other item.* m. Failure to correct a violation within fourteen (14) days shall result in additional fines of \$25.00 for each additional 14-day period.”

Section 5.1 (e) states,  
“*No signs are permitted in any common area, either inside (including unit doors) or outside the building...*”

Please adhere to these and other Claridge House Rules and Regulations at [www.claridgehousecooperative.com/governance](http://www.claridgehousecooperative.com/governance).

## Meet Tare Youdeowei

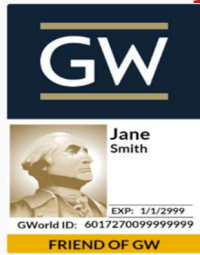

As mentioned, the Claridge House has loyal staff who have worked here for many years. Realtor Tare Youdeowei is a former loyal staff member who now provides realtor services. Tare shares the following with our community:

One of the privileges of my life was working with long-time realtor, Tom Murphy. When I started in the real estate business in 1999, Tom Murphy was known as the “Condo King” of Foggy Bottom. Over the next 15 years, I had the opportunity to work with Tom on every one of his over 100 transactions per year. After Tom’s passing in 2014, his family supported me in carrying on his Foggy Bottom legacy by encouraging me to continue to serve his clients. Here we are, 10 years later, I have maintained that legacy with 3% market share in sales and 13% market share rentals in Foggy Bottom, more than any other agent.

I love working at the Claridge House and constantly promoting the building to anyone looking to live in Foggy Bottom because of all it has to offer. The Claridge House stands out in Foggy Bottom because of how well it is managed, maintained, and offers more amenities than other pre-1980 buildings. As a bonus, Shareholders can also attest to the friendly and helpful staff. My years of experience has given me the ability to serve as a guide to sellers, landlords, buyers, and renters and investors. I have a clear understanding of the Claridge House underlying mortgage and the challenges of getting loans to purchase in the building. I know the lenders who can provide loans to potential shareholders and I know the layout and floor plans of all of the tiers. I have become a resource to other agents that have questions about the building. I am also well-versed in compliance with DC Housing regulations, basic business licenses, rent increases, lease renewals and other questions pertaining to tenant matters. I am in the building at least once a week so feel free to stop me in the lobby.

Ms. Youdeowei’s contact information is on our Contractor/Vendor List at [www.claridgehousecooperative.com/resources](http://www.claridgehousecooperative.com/resources) with recommended vendors and contractors, including the newest contractor Miranda Building Services LLC.

## Celebrating 45 Years

Claridge House Cooperative E-Newsletter

950 25th Street, NW  
Washington, DC 20037

Winter 2024 Edition

### CLARIDGE HOUSE!!!

Forty-five years ago in January 1979 we became the Claridge House Cooperative, Inc. Before that time the building was a rental building. The South Building was originally a rental building called The Potomac House.

In this new year we are undergoing some renovations. Our elevator modernization is in progress. Modernization will include new lighting, flooring and walls inside each elevator, stainless door on the exterior and new circuitry. In addition, the corridors on each floor and the lobby will be renovated with new lighting, flooring and walls. More details will be provided before renovations begin in corridors and lobby.

### Energy Star® Certification

We're excited to announce that the Claridge House earned the ENERGY STAR® certification from the US Environmental Protection Agency (EPA) for the sixth straight year! This certification represents proven, verified superior energy performance over a 12-month period. In fact, ENERGY STAR certified buildings and plants perform in the top 25 percent of similar buildings nationwide!

Thank you for being a part of our sustainability story by taking simple actions to cut energy waste – like turning off lights in empty rooms and reporting leaks.  
Here’s to another year of cutting energy waste and doing our part to protect the environment – together!

### **A Staffing Change and Staff Anniversaries**

We welcome our newest staff member, Douglas Jones. Many of you may have met him. He was hired as a maintenance tech last July. Douglas came here from Rimsi Corporation where he served as maintenance tech for two other communities.

We appreciate and acknowledge our loyal staff who have anniversaries in the first quarter of this year. Their photos are in our Staff Directory in BuildingLink. Please join us in wishing staff

Maria Gutierrez, porter, started 24 years ago on 1/18/2000.  
Yves-Dwidg Jeanty, porter supervisor, started 5 years ago on 1/28/2019.  
Steven Belkov, maintenance supervisor, started 9 years ago on 2/17/2015.
